

Bio submission

Hello,

I am Lavina Wagner (yep! Marty's wife!). I had the privilege of being camp administrator a few years ago, and up until last year- the wife of an amazing camp director and it was all a great experience.

It is hard to forget the camp life adventures whether as a camper or as a worker and through the challenges and victories, it is always an honour to see God work in and through each person involved - from the youngest child camper to the oldest volunteer.

I am thrilled to see how God is moving at the camp- each new season seems to bring with it so much joy and fulfillment.. again through both the challenges and the victories. It would be an absolute honour to serve on the board beside other men and women who have a passion for camp, worship and prayer ministry. I want to see Jesus lifted high in our area of the world and far beyond. I believe I would bring a good balance of talents to the table as a member of the board, as well as a continued and growing desire to figure out where and how the Lord would like me to serve Him. At this juncture I am confident that would be at Deeper Life in some capacity, but as always- whatever the Lord desires is the best!

Thank you for your prayerful consideration,

Respectfully submitted,

Lavina Wagner
